Georgia Highlands Services and Resources

Because of the location of the Georgia Highlands' administrative offices (located in Norton Hall Bldg. R2, Marietta Campus) as well as the residential accommodations made for Georgia Highlands' affiliates on the Marietta Campus, it has been determined that library services and resources are available to Georgia Highlands’ students solely at Marietta Campus. Georgia Highlands affiliates must primarily use the Johnson library and are only allowed to reserve group study rooms at this facility. A KSU ID must be presented when using all library services and resources.

Special accommodations and requests may be directed to the Associate Dean and Director of Library Services at KSU, Sturgis Library (470) 578-6186. Because of limited space on the Kennesaw Campus we appreciate your cooperation and understanding on this matter.
